

THE BATH AUTHORITY LIFETIME WARRANTY

The Bath Authority® warrants its shower wall panels and shower bases to be free from defects in material and workmanship under normal household use and service for as long as the original purchaser owns the residence. We warrant that the surface of all products will not fade, yellow, crack, bubble or peel. In the event of any defects in material or workmanship, this warranty is limited, at The Bath Authority's® option, to repair of such defects or to the replacement (with a similar item free from the defect in question) of the product. In the event of any defects in material, The Bath Authority® will supply free of charge any Signature or Luxury bath products or supplies necessary for the repair or replacement of the defective product. Note: This warranty does not cover normal wear and tear of the product, damage caused by misuse, abuse, negligence, accidents, unauthorized modifications, or improper installation, maintenance, or handling. Warranty valid only if the bath product is installed by a Bath Authority® Certified Technician. This warranty is also invalid if the bath product has been repaired, altered or modified by someone other than The Bath Authority® Certified Technician or using supplies other than The Bath Authority® proprietary supplies. Buyer is responsible for periodic maintenance of caulking for finishing walls and bases. The Bath Authority® Signature and Luxury Series walls and shower bases are manufactured by Samuel Mueller to The Bath Authority's® strict specifications.
